School Notes.

The Lead Belt Athletic Association has formed a league composed of the following high schools: Flat River, Bismarck, Farmington, Fredericktown, Bonne Terre, DeSoto, Festus and Ste. Genevieve. The first four compose the southern division and the last four, the Northern division. The schools in each division will compete with each other to see what team gets to represent their division in the final game. There will be a loving cup given to the winner in each division and also one to the winner of the final game between the northern and southern divisions. There will also be a field meet in the spring open to all students from these schools.

There has been a prophesy made by some outsider who knows our team, to this effect: "Ste. Genevieve will win in her division and stand a splendid chance to win the final." The days of prophesy are over, nevertheless this fellow knows what he is saying. We make no boasts nor promises ourselves nevertheless we will spare no worthy efforts to win.

Students are doing well with Red Cross Seals this year, the high school alone has sold about ten dollars worth and the grades have sold quite a few. These were sold in about a week's time. No one need regret having bought these seals. It is a good investment. It is investing money in human lives, the most precious things in all the universe.

The first semester of school will close the second week after Christmas. Those who have been taking their time had better speed up a little on the home stretch.

Jules and Lloyd Dolin, his brothers, who were riding on the same train, were questioned by the police after the crew had stopped the train following the accident. According to the story told by the brothers, they did not see their relative fall from the car. Jules Dolin, who is 17 years old and a twin of
